TIME PERIODS FOR FILING A REPLY TO THIS NOTICE:

1. Applicant is given **no new time period** if the non-compliant amendment is an after-final amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted.
2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. If any of above boxes 1. to 4. are checked, the correction required is only the **corrected section** of the non-compliant amendment in compliance with 37 CFR 1.121.

Abandonment of the application if the non-compliant amendment is a non-final amendment or an amendment filed in response to a *Quayle* action; or

Non-entry of the amendment if the non-compliant amendment is a preliminary amendment or supplemental amendment.

Continuation of 1(c) Other: As per 37 CFR 1.125(a) Substitute specification, applicants number AND nature of the amendments of the specification renders it difficult to consider the application, AND to arrange the papers for printing or copying. Therefore Applicant is required to submit BOTH a CLEAN version AND a Marked Up version of the entire specification. Again, this requirement is due to the extensive number and nature of the amendments to the specification that have occurred since the application was filed. Please review the current USPTO practices for acceptable specification format and content in response to this communication. Any inconvenience is regretted.

Continuation of 5 Other: Examination of this application will commence as soon as applicant files an appropriate response to this communication.
